Georgia Aquarium

September Diving 2017

Our dive at the Georgia Aquarium was great. This year a lot of family's went down to Georgia, and it seemed like more of our young people were along to dive.

Everyone had a great time it seemed. Since the smiles never left there faces, and were still on after we got home. This is always a great experience for even Don and I who have just gone down the last two times to coordinate. We look forward to next year.
