## Join our scuba family

November 2023 586 725 1991

Almost to the end of another year with the AB Scuba Family

We have a little less than 2 months left of the year and the holidays are almost here. We are running classes still all year and hope to schedule some pool nights come January. It has been a great year and busy.

Sarah was in Alaska working with National Geographic. Don, Rob and the crew were teaching. We all headed to Egypt for 2 weeks and went diving in the Red Sea. Kylo was reunited with his Sister Honey. Don and I found out we are going to be grandparents.

A LOT Happened!!!

Last but not least

Amanda and Matt Biskner are the proud parents of little: Everleigh Born on Halloween.

**Last certifications for the Season. Congrats Rescue !!**

Last Saturday at Spring Mill Pond our Instructor Rob May, DM's Heather Wolfy, Spencer, Katie, and of course our Shore support Linda Rowse. Certified the last certification of the Year

Our PADI Rescue: Certified the last certification of the Year
